SUMMARY

Computer Science undergraduate pursuing a **B.Tech in CSE (2027)** and an IIT Madras BS in Data Science and Management, with hands-on experience in **SQL, Python, PostgreSQL, Power BI/DAX, and dimensional modeling**. Built an end-to-end e-commerce analytics pipeline and Power BI suite covering **KPIs, RFM, cohort retention, Pareto analysis, sales, profitability, and customer analytics** on 100K+ sales records. Seeking an entry-level **Data Analyst or Business Intelligence** role.

EDUCATION

VIT-AP University **2023 – 2027**
B.Tech in Computer Science and Engineering (Core) *Amaravati, Andhra Pradesh*

Indian Institute of Technology Madras
BS Degree in Data Science and Management – Foundational Level, Pursuing
Class XII: 78% | **Class X: 95%**

TECHNICAL SKILLS

Data Analytics & BI: SQL, PostgreSQL, Microsoft Excel, Power BI, DAX, Power Query, Tableau, Data Visualization, Dashboard Development, KPI Development
Programming & Data Analysis: Python, Pandas, NumPy, Matplotlib, Exploratory Data Analysis, Statistics, Data Cleaning, Data Transformation
Analytics: Sales Analytics, Customer Analytics, RFM Analysis, Cohort Analysis, Retention Analysis, Customer Segmentation, Pareto Analysis, Business Analytics
Data Modeling & Engineering: ETL, Dimensional Modeling, Star Schema, Fact Tables, Dimension Tables, SQL Analytics
Development & Tools: Git, GitHub, React, FastAPI, Docker, TypeScript

PROJECTS

NovaCart – E-Commerce Sales & Customer Analytics Platform *Python, Pandas, PostgreSQL, SQL, Power BI, DAX*

- Engineered a Python/Pandas ETL pipeline loading **104,852 cleaned sales records** from a synthetic India-focused e-commerce dataset into an **8-table PostgreSQL star schema**; validated with **19/19 tests passed** and zero reconciliation difference.
- Built **30+ DAX measures** and a **6-page Power BI suite** covering executive KPIs, sales and profitability, customer intelligence, product performance, regional operations, retention, and RFM analysis.
- Analyzed **5,000 customers and 54,854 realized orders**, generating **847.6M realized revenue** at a **30.93% realized margin**, with a **5.57% return rate** and **82.1% of active customers repeating**.
- Applied **RFM, cohort retention with 383 cohort records, and Pareto analysis** to evaluate customer value, retention behavior, and product concentration.

Product Analytics – Food Delivery & Consumer App Analytics *Python, Pandas, SQL, PostgreSQL, Power BI, DAX*

- Analyzed user, order, and behavioral data to evaluate **acquisition, conversion, retention, customer segmentation, and business performance** using Python, SQL, and Power BI.
- Developed analytical workflows for **funnel analysis, cohort retention, churn analysis, customer segmentation, and KPI tracking**, transforming raw behavioral data into actionable product insights.
- Built interactive **Power BI dashboards and SQL-based analyses** to support product and growth decisions across user behavior, orders, retention, and customer value.

Disaster Reporting & Coordination Platform – B.Tech Capstone *Team Leader | 4-Member Team*

- Led a **4-member team** developing a multi-role disaster management platform for **citizens, volunteers, NGOs, and government administrators**, covering incident reporting, evidence submission, verification, volunteer assignment, resource coordination, and incident tracking.
- Built the platform using **React, TypeScript, Vite, FastAPI, PostgreSQL, PostGIS, Redis, WebSockets, and Docker**, with **JWT/RBAC security**; integrated **PyTorch, OpenCV, RAG-based retrieval, GIS routing, and OR-Tools optimization** for intelligent disaster response.

WardrobeWhiz – AI-Powered Wardrobe Recommendation Platform *React, Vite, Node.js, Express.js, Firebase*

- Built a personalized wardrobe platform for clothing inventory management and AI-driven outfit recommendations using a React-based web application.

CERTIFICATIONS

Google Data Practitioner Associate
Microsoft Certified: Power BI Data Analyst Associate (PL-300)
Microsoft Azure Data Fundamentals (DP-900)
Tableau Certified Data Analyst

ACHIEVEMENTS

- **Top 10 – VIT-AP Engineering Clinics Expo 2025–26:** Team project selected among the **Top 10 out of approximately 1,008 teams**.
- **CBSE Certificate of Merit:** Secured **100/100 in Social Science** in Class X and received a Certificate of Merit.
